

## **Unilabs reaches agreement with SYNLAB to acquire its Slovakia operations\***

**Bratislava, February 11, 2026:** Unilabs, one of Europe's leading medical diagnostics providers of laboratory, pathology and imaging services, has reached an agreement with SYNLAB, a provider of medical diagnostic services and specialty testing, to acquire its Slovakia operations, subject to all legal and regulatory approvals.

This acquisition is expected to support Unilabs' commitment to providing high-quality medical diagnostics in Slovakia and to enhance service to patients, healthcare professionals and the broader healthcare ecosystem.

Further information will be shared following the completion of the transaction, which is subject to the approvals of the relevant authorities.

"We have a highly skilled and dedicated Unilabs team in Slovakia who provide clarity, reassurance and insights to patients and their clinicians," said Badhri Srinivasan, Group CEO of Unilabs. "We look forward to welcoming the new teams into Unilabs Slovakia."
